

ADHER 7A

BELT BONDING ENHANCER

7 good reasons for using ADHER 7A

1. ADHER 7A is a solvent-based **tackifying resin**.
2. Increases **adherence** of all types of belts.
3. Enables increased **power** transmission.
4. **Spray it** on belts before use.
5. For all **types** of belts (leather, rubber, plastic).
6. **Prevents** belt drives from slipping on moving mechanisms.
7. **Reduces** wear and aging of belts.

Particularly suitable for use in

Industry

Constructions

Transport

Suitable for all conveyor belts, all V-belts, round, trapezoid or flat belts and for professional wine pumps. Facilitates the starting of loading belts in quarries, tar manufacturers.

Characteristics	Instructions for use
<p>Clear yellow liquid Density: 0.72 Dry extract: 17% Propellant: butane/propane Tinplate aerosol Net volume: 500ml</p> <p>For more information: see MSDS.</p>	<p>Shake the aerosol vigorously before use. Do not spray near live electrical appliances. Use only when equipment is turned off. Spray at a distance of 20cm from the belt as well as on the pulleys and bearings. Wait 5 mins before switching the equipment back on.</p> <p>Repeat if necessary. It is recommended to work in a ventilated area.</p>
