

# CARBAL

## FAST DRYING UNCHLORINATED DEGREASER

### 7 good reasons for using CARBAL

1. Very **powerful** solvent.
2. Excellent substitute to **degreasing solvents**, such as trichloroethylene, trichloroethane, toluene or xylene. Does not contain chlorinated solvents.
3. Particularly effective for **dissolving** of oil, grease and tar.
4. Dissolves **immediately**.
5. Dries very quickly on clean surfaces.
6. Does **not** leave a **residue** after evaporation.
7. **Inert** on plastics.

### Particularly suitable for use in

Industries

Services

Construction

Specially for the degreasing of metallic parts to be painted.

For the cleaning of plastics such as Plexiglas, polyester, polycarbonate, ABS, as well as supports painted with polyurethane, epoxy.

Dissolves greasy products on stored mechanical parts.

Eliminates tar on bodywork, carpet, woven fabric.

Eliminates stickers and glue marks.

Characteristics	WYPNET	Instructions for use
Composition: mixture of hydro-carbon solvents. Average density: 0.73 Flash point: 0 °C  For more information, see MSDS.		Always use neat.  For the degreasing of surfaces, apply evenly with a rag, a brush or by spraying on the surface to be treated, activate the penetration by a light brushing if necessary.

GB29082014/1

**7 +**

**BD10** : Multi-purposes ecological penetrating lubricant.
