

CLEANHYDROL VG

DEGREASING SOLVENT
WITH QUICK EVAPORATION FOR SURFACES
FOOD SECTOR

7 Good reasons for using CLEANHYDROL VG

1. CLEANHYDROL VG is a solvent of **plant origin** which dries quickly, for surface degreasing. Can be used for cold degreasing.
2. With its low superficial surface tension and its **high IKB power** (>250), it dissolves fats, mineral oil, vegetable oil, waxes, resins, inks, rubber dusts **quickly**.
3. With its **neutral pH**, CLEANHYDROL VG is safe for users and does not attack metals and the alloys.
4. **Self-drying** : Does not leave of residue on the treated surfaces.
5. Fluoride and/or chlorinated solvents **free** such as trichlorethylene, perchlorethylene, HCFC 141b, chlorinate of methyl alcohol, ether of ethylene glycol, oil or brominated solvent...
6. Economical: **ready to use**.
7. Complies with the legislation on cleaning products for equipment that may come into contact with foodstuffs (Decree of 08/09/1999 and its amendments).

Particularly suitable for use in

Public buildings

F.P.I.

Hotels

Food trades

CLEANHYDROL VG cleans door handles, grab bars and grab bars for public transit, electronic locks, telephone and computer keyboards, ATM keyboards, beverage vending machines, sports equipment (Ski boots, helmets ...on loan or rental)... , and generally, anything that comes into contact with hands or skin.

CLEANHYDROLVG is used for cleaning and rapid degreasing of steel, aluminium, copper, some plastic surfaces... without leaving any marks. It facilitates on-the-spot jobs such as gluing, painting, cutting, polishing or short-term maintenance on machines, printing presses , mechanisms,....

CLEANHYDROL VG removes ink from fabric.

Characteristics	Instruction for use
Preparation with beet ethan (origin : the North of France, denaturated in Reims), isopropanol, diéthanolamide of copra, and fresh lime fragrance. Appearance: colourless liquid pH : 6.8 ± 0.5 Density: 0.86 ± 0.02 For more information: see MSDS.	Spray at a distance of 20 to 30 cm from surfaces and material. Leave in contact one minute then wipe. Do not spray on Plexiglas and on not compatible materials with the alcohol. It is recommended to carry out a preliminary test before treatment. USE AND STORAGE CONDITIONS: Close the package after each use. Do not swallow, do not use with other products. Store in its original sealed packaging and under normal storage conditions at room temperature. CLEANHYDROL VG keeps for 2 years.
