

# KLIMKOS

## ALKALINE DRAIN CLEARER

### 7 reasons for using KLIMKOS

1. **Instantly** unblocks even badly clogged drains.
2. **Dissolves** animal origin deposits, attacks fats and dissolves them immediately.
3. **Preventive** and **Curative**.
4. **Doesn't** emit corrosive vapour.
5. **Fast** penetration of the product.
6. Rapidly removes foul **odours** emanating from blockages.
7. **Neutral** on steel, PVC, concrete, cement, stone floor.

### Particularly suitable for use in:

Industry

Public buildings

Leisure

Unblocks pipes, kitchen sinks, bathtubs, WCs, washbasins, drains and siphons.

Solubilises the organic deposits in the condensers in cold rooms, air conditioning systems, cooling towers.

Characteristics	Instructions for use
Appearance: liquid Composition: aqueous solution, alkaline salts, surfactants. Density: 1.49 pH: 14	Unblocking: Open the bottle with caution. Carefully pour in half of the contents even if there is stagnant water (for toilets and drains: the entire bottle). Replace the safety cap on the bottle immediately after use and before disposal. Do not add boiling water or any other product. Wait 20 minutes. For tough clogs, repeat and leave overnight. Rinse well (especially toilets with septic tanks). Regular maintenance: use once a week
For more information, see MSDS.	Handle the product KLIMKOS with care. Avoid contact with skin. Wear gloves. Do not use on aluminium or galvanized steel. Store protected from frost and keep in original closed packaging.
