

MULCO

DETARING DEGREASING DEPARAFFINING
READY TO USE

7 good reasons for using MULCO

1. **Powerful**, eliminates asphalt splatterings effectively. **Removes** bitumen products.
2. Powerful **degreasing** action and very efficient on industrial greases.
3. **Eliminates** paraffin splashes.
4. **No risk** of deterioration of the surfaces on which it is used: rubber, paint, windshield wipers, windshield joints, metals, vehicle light reflectors. Recommended for **fragile or painted** surfaces.
5. The deposits or marks of MULCO can be rinsed off with **water**.
6. **Ready** to use.
7. Can be used by **spraying** or **dipping**.

Particularly suitable for use in

Construction

Public buildings

Transport

Detaring of the machines of public works, MULCO removes the tar splatterings on all surfaces: body-work, bumpers, plastics, road panels, sign posts, rubber boots...

Cleaner for garage and workshop floors, repair areas, car parks, boiler room floors, tanks, tanks with fuel oil, retention tanks.

Solvent for the oil on plastic or varnished wood hulls.

For surface restoration after spillage of oil or bituminous products during the terrace waterproofing.

Degreasing for engines, mechanical parts, farm equipment, public work machines.

Cleaning of floors in garages, workshops, inspection pits, fuel tanks, retention tanks.

Dissolves tar splashes on any surfaces, as well as the residues of fuel oil on plastic or varnished wooden boats.

Characteristics	Safety
Composition: aliphatic hydrocarbons. Density at 20°C: 0.815. Flash point > 61°C.	Always use neat. Apply MULCO either - by spraying, or by vigorous brushing. Let it take effect for a few moments. Rinse with a jet spray.
For more information, see MSDS.	- by dipping, immerse parts. Let it take effect. Rinsing is optional. MULCO can be wiped with a rag or dried by air.
