

MULSIF

**LOW TEMPERATURE
DEGREASING DEPARAFFINING**

7 good reasons for using MULSIF

1. Powerful **degreasing** action and very efficient on industrial greases.
2. **Eliminates** paraffin splashes.
3. **Removes** bitumen products.
4. Good **penetrating** power in residues.
5. **Doesn't attack** metals, plastics or paints.
6. Rinses off with **water**.
7. Can be used by spraying and dipping.

Particularly suitable for use in

Public buildings

Transport

Degreasing for engines, mechanical parts, farm equipment, public work machines.
Cleaning of floors in garages, workshops, inspection pits, fuel tanks, retention tanks.
Dissolves tar splashes on any surfaces, as well as the residues of fuel oil on plastic or varnished wooden boats.

Characteristics	PCA	Instructions for use
<p>Composition: aliphatic hydrocarbons Average density: 0.815 Flash point: >61°C</p> <p>For more information, see MSDS.</p>		<p>Always use neat. Spray the solution on the surface to be treated. Leave to take effect for a few minutes, rinse with a jet spray. In dip tanks, immerse parts to be cleaned, leave to take effect for a few minutes, rinse with a jet spray.</p>
