

RENOFLASH'

ALL-SURFACE CLEANER

7 good reasons for using RENOFLASH'

1. Cleans, descales surfaces **immediately**.
2. **RENOFLASH'** is ideal for bleaching surfaces.
3. Works **instantly**, surfaces are restored to their original appearance without any deterioration in quality.
4. **Mixable** with water.
5. **No-foam** formula.
6. **Eliminates** water run-off stains or water strains on wet concrete bases or surfaces and on concrete, tiled, paved or slate-tiled terraces.
7. Can be used for **preventive** treatment before painting.

Particularly adapted for use in

Public buildings

Leisure facilities

Used by professionals for cleaning and renovation of surfaces in public places, city halls, public buildings, schools, playgrounds or tennis courts, outdoor swimming pools, ponds, fountains, borders and cement or paved walkways in public gardens.

Can also be used to renovate wood.

Characteristics	Instructions for use
<p>Appearance: clear yellow liquid Scent: Eucalyptus pH at 1 %: 9.5 ±0.05 Density: 1.15 ± 0.02 Active material: Sodium hypochlorite (N°CAS: 7681-52-9)</p> <p>For more information, see MSDS.</p>	<p>Apply RENOFLASH' neat or 50% diluted in a sprayer or high pressure jet according to the degree of soiling. Before every application, teste the surface to be treated with the indicated dose. Leave the product on for at least 30 minutes. Then rinse abundantly with a hose or a high-pressure cleaner. Allow to dry.</p> <p>Do not mix RENOFLASH' with an acid product. Do not apply on delicate surfaces, painted surfaces and lightweight metals (aluminium, copper, brass, bronze, tin, iron). If in doubt, test on a small area at therecommended concentration, leave on and then rinse thoroughly.</p> <p>STORAGE: As with all chlorinated products, RENOFLASH' degrades if it is exposed to heat or to UV light. Never decant into another container as the original container which has a degassing valve. Store protected from light and at temperatures not exceeding 30°C. Use within 12 months of purchase.</p>
