

SYNERAL

SAFETY UNIVERSAL CLEANER FOR STEAM-CLEANING MACHINES & HOT-WATER CLEANING MACHINES

7 good reasons for using SYNERAL

1. Powerful **degreasing**.
2. Dissolves and penetrates all kind of greases, **animal or vegetal**.
3. Emulsifies **oils** immediately.
4. May be used by **dipping** or by **spraying**.
5. Instantly mixes with water and remains **stable**.
6. Protects pumps and coils against boiler scale.
7. **No deposits** in tanks and circuits.

Particularly suitable for use in

Public buildings

Industry

Construcions

Cleaning of industrial equipment, tool-machines.

Degreasing for painted floors, tiled-floors, cement floors...

Brightening of walls and frontages in glass, earthenware, glass, plastic and metal boardings as well as the aluminium doorframes....

Cleans exterior and interior of buses, cars and lorries as well as nylon or fabric covers.

Cleaning of painted surfaces.

Chimney-sweeping for fuel boiler pipes.

Unglues posters.

| Characteristics | Instructions for use |
|--|---|
| Composition: alkaline salts, surfactants in water. Average density: 1.05 pH: 13 For more information, see MSDS. | Always to be used diluted in cold or hot water. SYNERAL can be diluted to 20%. The dilution depends on the degree of dirtiness. For vertical surfaces, always use SYNERAL from the bottom to the top. Generally, use from 15 to 30 parts of water; Spray on the surface to be treated. Let it take effect for few minutes, if necessary activate penetration with a brush and then rinse with water. For washing paints, dilute with 3 to 5 volumes of water; rinsing is not required. In chimney-sweeping, make a dilution of 1 for 5 for 10 volumes of water; spray inside the pipe, switch on the boiler to bring down the deposits. |
