

SYNERMAT 100

MULTI-PURPOSE ALKALINE DEGREASER
HIGHLY ACTIVE

7 good reasons for using SYNERMAT 100

1. Multi-purpose, heavy duty degreasing cleaner. Can be used in all sectors and is recommended for tough cleaning of **heavy equipment**.
2. Specially developed for the elimination of tough, deeply encrusted stains and for equipment covered in synthetic and mineral oils ; cooked oils, tannins, plant-based deposits and residues, organic tartar,
3. High performance liquid detergent recommended for use in high pressure washers and with hot water washers.
4. Powerful liquid formulation which can be used as a degreasing agent and for preparing surfaces before **painting**.
5. Economical, used from **0.5 to 2 %** with high pressure washers.
6. Formulated without phosphates and with **active biodegradable agents**.
7. Complies with legislation on cleaning products for equipment which may come into contact with foodstuffs (Decree dated 08/09/1999 and its amendments).

Particularly suitable for use in

Public buildings

Transport

Industry

F.P.I.

Constructions

Ideal for cleaning construction machinery, agricultural machinery (grape-harvesting machines, sulphate sprayers, self-propelled sprayers, tractors), tankers, trailers, public and private transport, shipyards, public works and buildings, agri-food industries (processing laboratories, abattoirs,...), industrial catering, For use in water treatment plants for the destruction of polymers "flocclulants".

Characteristics	Instructions for use
<p>Colour: blue lagoon Density: 1.145 ± 0,005 pH (5% in water) > 13 Characteristic fragrance</p> <p><u>Regulation CE N° 648 :2004</u> Ultimate biodegradability of surfactants meeting detergent regulation (CE) n°648/2004 Content labelling: Less than 5%: non-ionic surfactants For more information, see MSDS, which is available upon request.</p>	<p>The product is a concentrated solution intended for dilution. In a pressurised device, adjust the dilution with 98 to 99.5% water once sprayed. For soaking, use a standard solution diluted with 70 to 98% water. In a food environment, rinse thoroughly after application with drinking water.</p> <p><u>Precautions for use:</u> Product for professional use only, refer the safety data sheet which is available on request. The use of personal protective equipment is obligatory: gloves, safety glasses, face shield and protective apron. Very alkaline product, carry out a spot test on paintwork and fragile materials.</p>
