

VEGESOLV

PLANT-BASED SOLVENT FOR
POLYMERS, SILICONE ELASTOMERS, GLUES

Ready to use

7 good reasons for using VEGESOLV

1. **100% plant-based** fire-proof formula.
2. Contains neither petroleum nor halogen solvents, **compatible** with most plastics and elastomers.
3. VEGESOLV emulsifies silicone grease rapidly and **efficiently**.
4. **Ready-to-use** degreaser, very effective for most industrial production processes.
5. Cleans **windcreens** glue effectively.
6. Resistant up to **-10°C to -15°C**, the formula becomes cloudy but remains perfectly effective.
7. **Safe**: no safety classification and odourless.

Particularly suitable for use in

Industry

Transport

Construction

Effective on silicone elastomers, for clean, stripping, removing silicone (polymerised or not, cross-linked or not) from your equipment and working surfaces.

Effective for cleaning and removing silicone oils, mastics and elastomers (polymerised or not), from tools, machines, containers, pipes, surfaces, including floors.

Can be used to clean equipment more easily by softening dried varnish, on machines and floors.

Effective on printing inks.

Characteristics	Application
<p>Pale yellow liquid Low odour Flash point: 180°C</p> <p>Product intended for professional use.</p> <p>For more information, see MSDS.</p>	<p>VEGESOLV is a ready-to-use formula which can be used manually or for spraying or dipping.</p> <p><u>Precautions for use</u> If there is still a light film of grease on the equipment that has been cleaned, simply wipe with a dry cloth to remove all residue. VEGESOLV is emulsifiable and may also be rinsed with warm water to remove any greasy residues that may remain Given the very wide range of surfaces and surface treatments, we recommend always carrying out a spot test before use. Not to be used in washing machines, washing fountains and ultrasound machines.</p>
